

# How to update Funtime Scrapbooking

## Step 1: Go to [Funtimescrapbooking update page](http://www.funtimescrapbooking.com/fts_b_updates.html)

## Step 2: Click on the link “DONWLOAD THE LATEST UPDATE HERE”

The screenshot shows a Mozilla Firefox browser window displaying the Funtime Scrapbooking website. The address bar shows the URL [http://www.funtimescrapbooking.com/fts\\_b\\_updates.html](http://www.funtimescrapbooking.com/fts_b_updates.html). The website features a large, colorful logo for "Funtime Scrapbooking" and a navigation menu with links for "Home - Features", "Software", and "Online Store". A dialog box titled "Ouverture de FuntimePro.exe" is open in the foreground, asking if the user wants to register the file. The dialog box contains the following text: "Vous avez choisi d'ouvrir", "FuntimePro.exe", "qui est un fichier de type : Application", "à partir de : http://www.funtimescrapbooking.com", and "Voulez-vous enregistrer ce fichier ?". Below the dialog box, the website content is visible, including the text "Funtimescrapbooking software updates (last release \*Octobre 22 2007\*)", "English version only", and a link labeled "DOWNLOAD LATEST UPDATE HERE". A note below the link states: "NOTE : We recommend to use the 'RUN' option of your download window or download this file directly to your desktop and follow the installation instructions." The browser's status bar at the bottom shows the system tray with the date and time: "Maintenant : Pluies, 59° F", "Dim : 47° F", "Lun : 43° F", and "18:02".

## Step 4: Save the file on your desktop

## Step 5: Double click on FuntimePro.exe

## Step 6: Press on "ESC" key to continue on with your mouse click on the "x" bouton

**Step 7: Select you funtimescrapbooking software you should only have one version, I have many because I used them for tech support. And click on “Install”**

## Step 8: Click on “OK” to continue the installation process

**Step 9: After the installation is terminated, the program show you wich files have been modified!**

**Nb: You are now follow the update tutorial part 2**
